

PHYSICAL THERAPY AIDE and ASSISTANT TARGET OCCUPATION PROFILE

	Jobs in 2012	Expected Growth by 2022	Yearly Openings	Entry Level Wage	Mid-Level Wage	Experienced Wage	Average Yearly Salary
Physical Therapist Assistants	1,500	30%	94	\$10	\$24	\$34	\$48,200
Physical Therapist Aides	1,218	28%	73	\$9	\$11	\$14	\$23,600

Sources: EMSI 2012, O*NET, Illinois WorkNet, American Community Survey 2009-2011 for Cook Co., Illinois Physical Therapy Association. Covers SOC codes 31-2021 and 31-2022.

JOB DUTIES

Physical Therapist Assistants

- Help patients to relieve their pain and increase strength and mobility.
- Work with individuals with disabilities and injuries, or those who are recovering from a stroke or heart disease.
- Work under the direction of physical therapists to carry out treatment plan, teach patients how to do therapeutic exercises or how to use braces, prostheses, crutches, or other devices.
- May involve therapeutic massage, aquatic physical therapy, or ultrasound.
- Measure patients range of motion and vital signs.
- Chart treatment details and patient progress

Visit www.onetonline.com for more information about this occupation.

Physical Therapist Aides

- Work under the supervision of a physical therapist assistant or physical therapist.
- Clean and organize work area and disinfect equipment after treatment.
- Secure patients into or onto therapy equipment.
- Transport patients to and from treatment areas, using wheelchairs or providing standing support and prepare patients for treatment.
- Arrange treatment supplies to keep them in order.
- Some physical therapist aides perform clinical tasks, such as charting patient progress or taking vital signs, but it depends on the employer.

IS THIS JOB A GOOD FIT FOR ME?

Education	Physical therapist aides are required to have at least a high school diploma or GED. Physical therapist assistants are required to complete an approved, accredited two year degree program ¹ and pass an exam administered by the Illinois Department of Professional Regulation.
Skills/Aptitude	Must have subject matter knowledge in anatomy and physiology, and be good at communication and problem solving, and enjoy working with people and be customer service oriented.
Other Requirements	May work evenings and weekends, depending on the employer's hours of operation.

ARE THERE OPPORTUNITIES FOR ADVANCEMENT?

Physical therapist aides may return to school to become physical therapist assistants (requiring a two-year degree) or physical therapists (requiring a master's degree).

WHERE CAN I GO TO GET TRAINING?

Visit www.chicagolandwiatraining.com to search for WIA-certified training providers in Cook County, based on occupation, program cost, location, completion rate, employment, and wages.

WHO ARE THE LARGEST EMPLOYERS IN THE INDUSTRY?

Physical therapists offices, hospitals, nursing care facilities (Lydia Healthcare, Crestwood Care Center)

MEDICAL SECRETARY and HEALTH INFORMATION TECHNICIAN TARGET OCCUPATION PROFILE

Medical Records and Health Information Technicians Medical Transcriptionists Medical Secretaries

Jobs in 2012	Expected Growth by 2022	Yearly Openings	Entry Level Wage	Mid-Level Wage	Experienced Wage	Average Yearly Salary
3,846	9%	338	\$12	\$16	\$27	\$36,900
1,019	8%		\$12	\$17	\$23	\$36,100
4,509	32%		\$11	\$16	\$23	\$34,400

Sources: EMSI 2012, O*NET, American Community Survey 2009-2011 for Cook Co., Illinois WorkNet, American Health Information Management Association. Covers SOC codes 29-2071, 31-9094, and 43-6013.

JOB DUTIES

Medical records and health information technicians

- Maintain medical records as well as indexes, storage, and retrieval systems, and retrieve records for physicians as needed.
- Protect the security and confidentiality of medical records.

Medical Transcriptionists

- Use taped recordings to type notes from office appointments, surgical procedures, ER visits, etc.

Visit www.onetonline.org for more information about these occupations.

- Translate medical jargon and abbreviations into correct terminology.

Medical Secretaries

- Greet visitors, answer phones, schedule appointments, and file lab results and other documents in patient charts.
- Use word processing, spreadsheets, and other computer programs to prepare reports, invoices, letters, medical records, or insurance claim forms.

IS THIS JOB A GOOD FIT FOR ME?

Education	All of these positions require at least a high school diploma. Employers often prefer that Health Information Technicians complete associates degree programs. Training programs for transcriptionists and medical secretaries are available, but many employers are more interested in medical experience and clerical skills.
Skills/Aptitude	Computer skills, knowledge of medical terminology, spelling and grammar, and attention to detail.
Certifications	Registered Health Information Technician (RHIT) credential is optional. ¹
Other Requirements	Medical transcriptionists should be able to operate a Dictaphone.

ARE THERE OPPORTUNITIES FOR ADVANCEMENT?

Experienced health information technicians may become supervisors or administrators. Medical transcriptionists can eventually become freelance contractors or business owners.

WHERE CAN I GO TO GET TRAINING?

Visit www.chicagolandwiatraining.com to search for WIA-certified training providers in Cook County, based on occupation, program cost, location, completion rate, employment, and wages.

WHO ARE THE LARGEST EMPLOYERS IN THE INDUSTRY?

JOB DUTIES

Though the terms are often used interchangeably, medical technologists tend to have more education, be responsible for more complex procedures, and earn a higher wage than medical technicians. Both technologists and technicians prepare patients for medical tests and procedures, and operate equipment to conduct those procedures. They can specialize in a number of medical fields.

- Cardiovascular: Operate EKG/ECG machines, assist in cardiac catheterizations, and conduct lung capacity tests.
- Diagnostic medical sonography: Operate sonogram or ultrasound equipment
- Nuclear medicine: Administer radiation intravenously for diagnostic or therapeutic purposes
- Radiology: Operate MRI, mammography, CT (computed tomography), or x-ray equipment.
- Respiratory therapy: Use ventilators, oxygen devices, or breathing treatments for those with emphysema, asthma, cystic fibrosis, and other respiratory illnesses.
- Surgery: Set up operating room, prepare patients for surgery, and pass instruments to surgeons.

Visit www.onetonline.org for more information about these occupations.

IS THIS JOB A GOOD FIT FOR ME?

Education	Technicians tend to have a one or two year degree, and technologists may have bachelor's degrees.
Skills/Aptitude	Should have good mechanical abilities in order to set up and maintain complex medical equipment. Should also have strong interpersonal skills and critical thinking skills, and be very detail oriented.
Certifications	Nuclear medicine techs, radiology techs, and surgical techs are regulated by the State of Illinois. ¹ They must complete an approved training program and pass a licensing exam. For the other occupations, certification is voluntary, but some employers may prefer it.
Other Requirements	May be required to work on call, evenings, and weekends; must be comfortable working around sick patients. Nuclear medicine and radiology techs must wear protective gear as they are exposed to radiation.

ARE THERE OPPORTUNITIES FOR ADVANCEMENT?

Technicians can advance to becoming technologists, and often continue into training to become a nurse or physician's assistant. Technologists can specialize within their fields, for example in a specific type of surgery or equipment.

IS THIS JOB A GOOD FIT FOR ME?

Education	Pharmacy technicians and aides must be licensed by the Illinois Department of Financial and Professional Regulation. For licensure, Pharmacy Technicians are only required to have a high school diploma.
Skills/Aptitude	Must have pharmaceutical subject matter knowledge, and be good at active listening and critical thinking. Should be familiar with computers, and have a customer service orientation.
Certifications	Certified Pharmacy Technicians, however, need to complete an approved training program and pass one of several competency tests, including those offered by the Institute for the Certification of Pharmacy Technicians and the Pharmacy Technician Certification Board. Some employers prefer to hire Certified Pharmacy Technicians that have attended training programs and others prefer to train on the job.
Other Requirements	Background check may be required.

ARE THERE OPPORTUNITIES FOR ADVANCEMENT?

Pharmacy assistants in a hospital may have more responsibilities, including reading charts, delivering medicine to patients, and preparing IV medications.

One pathway to advancement is to enroll in pharmacy school and become a pharmacist.
